Total No. of Students Participated: 16 students from 5 different colleges

Convener: Mr. Mohan Bir Subba, Department of Mathematics, K.K. Das College

Objective:

Students of the fifth semester were given the opportunity to listen to the subject expert on the topic which is in their syllabus. To motivate and develop their interest in the topic both colleges took the initiative to organise this special lecture. On the first day(27th Feb. 2021), honourable speaker Dr. Sunil Kr. Maity, Associate Professor, University of Calcutta who addressed the lecture started with the basic definition and drove into the detailed explanation with logical reasoning that every integral domain can be embedded in the field with examples. On the second day(28th Feb. 2021), honourable speaker Dr. Prasanta Sinha, Associate Professor, Prabhu Jagatbandhu College blesses students with his expertise in the subject and its application to the modern world. He discussed polynomial rings giving an depth relation between principal ideal domain, unique factorization domain, factorization domain and integral domain with examples. This helps students of the fifth semester to understand the importance of the topic in their syllabus and future scope in the research field.
