Learning Environment

Learning environment play a crucial role in the success of the student. Students who study in a positive learning environment have been shown to be more motivated, engaged, and have a higher overall learning ability. Greenery can be beneficial for human stress reduction and emotional states. Therefore, students might benefit from greenery in the college.

Teaching – Learning

Google Classroom is used for communicating with students, sending feedback and providing homework. As perceived by us, the main strengths of this teaching-learning platform are time-saving and the organizational features that are easy and simple to use. It starts with creating classes and adding students and extends to sending information, starting discussions, distributing and collecting assignments, etc.

**Study Materials and Assignments distributed through Google Classroom by
Department of Economics**
