Institutional Distinctiveness

The performance of the Institution in one area distinctive to its priority and thrust

*“It is a privilege to serve mankind,
for this is the worship of God.*

God is here, in all these human souls.”

– Swami Vivekananda

K. K. Das College considers itself as an integral social organ which functions multifaceted to fulfil social responsibilities. Our college in collaboration with an NGO “Garia Sahamarmi Society” undertakes the notable function of different social works so as to benefit the underprivileged. Hand in hand with this noble temple of service, our institution participates in all major actions they perform. Most notable among them is the annual Free Operation Camp for the needy, which our college specifically monitors. Majorly hailing from the rural area of the city, these people are deprived of the basic eye care needed for everyone. They suffer from multiple eye diseases like cataract, poor vision, glaucoma and night blindness. Our N.S.S. unit is alongside N.C.C. cadres of Bhangar Mahavidyalaya, conducts the eye operation camp with the esteemed hospital Aditya Birla Sankara Nethralaya, Mukundapur, Kolkata. This camp is held in the last week of December for 7 days, every year.

These camps are held for the needy people and irrespective of their socio-economic condition, they can avail the best of the treatment. These eye camps are organised for the general awareness of the illiterate, ignorant poor people, who are deprived of basic eye care. They are unable to avail good treatment and hence are subject to immense pain and suffering. K. K. Das College and Garia Sahamarmi Society hold eye camps for catering to the needs of these impoverished people. Our students take care of these patients wholeheartedly and sincerely. From the role of escorting these people to the eye camps, till their final recuperation, our college plays an active role. In the attempt of arousing a sense of social responsibility, our college employs the services of our students who are members of the N.S.S unit. These students look into the entire set-up of these eye camps. They supervise the camps, provide necessary medicines prior to and also after the completion of the surgery process.

The Free Eye Operation Camp involves a systematic process of preliminary eye examination and medication, surgery for operable cases, sheltering the patients in the college and power correction. In the first place, a free eye screening test is conducted in our college. Many people, even from the remotest village of Jharkhali (area outskirts of South Kolkata), turn up for the screening. A team of specialised ophthalmologists from Aditya Birla Shankar Netralaya, Mukundapur examine the patients. The most severe cases are referred for eye operation.

This procedure of initial health check-up is conducted a month before the eye operation camp. Patients who are advised for further investigation and surgical corrections are taken to the Aditya Birla Shankar Netralaya, Mukundapur by the members of Garia Sahamarmi Society. From cataract removal to micro surgery all sorts of medical procedures are accomplished by the experts to improve the vision of the patients. The patients after the operation are returned to the college camp and sheltered for post surgery medical assistance and nursing. During these seven days, K. K. Das College is transformed into an infirmary where the patients receive intensive post operative care by our students. The patients are provided free medicines and directed with necessary instructions. The entire event is concluded with free spectacle distribution to the patients. Free corrective glasses are provided to the operated patients after two-three months of surgery post medical inspection. The entire event is concluded with free spectacle distribution to the patients. Free corrective glasses are provided to the operated patients after two-three months of surgery post medical inspection. This entire event is also conducted in our college.

In this way our students are oriented into the service to society. They are induced to respect, love and care for others alongside their formal education. The students learn to support these underprivileged and help them in such moments of need.

The Years 2020-2021 and 2021-2022 were periods of obstruction when the free eye operation camp could not be conducted due to the COVID – 19 pandemic causing a great set-back. But our college, firm and strong, in its objective, continued to serve the society. It left no stone unturned and social service continued in the form of food and cloth distribution to the needy at Kranti, Changanmari, Gajoldoba, Bungri, Deanna Forest, Khairbari, Bakali and Ramsar in North Bengal to Sundarban Area in South Bengal. Besides raising funds, working with Garia Sahamarmi Society, our college has attained a great progressive dimension. Our students worked sincerely helping and extending support to the distressed people affected by cyclone (Yaas, Amphan), tiger attacks, winter cloth distribution and community kitchen Maa Annapurna Bandar. Our students collectively pledge to serve the society in every aspect.

By adhering to the teachings of Noble Swami Vivekananda, our students thus gain the sense of social responsibility and imbibe team spirit. Fundamentally supported by our honourable Principal, our students function unanimously towards helping others and emerge as complete human beings. Beyond their textbook knowledge, they imbibe the sense of teamwork, time management, punctuality, empathy and care, as embodied in the vision and mission of the college. By these noble actions, we teach our students to carve a niche for themselves in society. The morality and nobility of human life form the basis of these actions. The greatness of our institution is these ventures which it undertakes in spite of every obstacle encountered.
