6.1.1 Supporting Documents

6.1.1

The governance of the institution is reflective of and in tune with the vision and mission of the institution

Screenshot of Vision & Mission from Website

Good Interpersonal Relationship

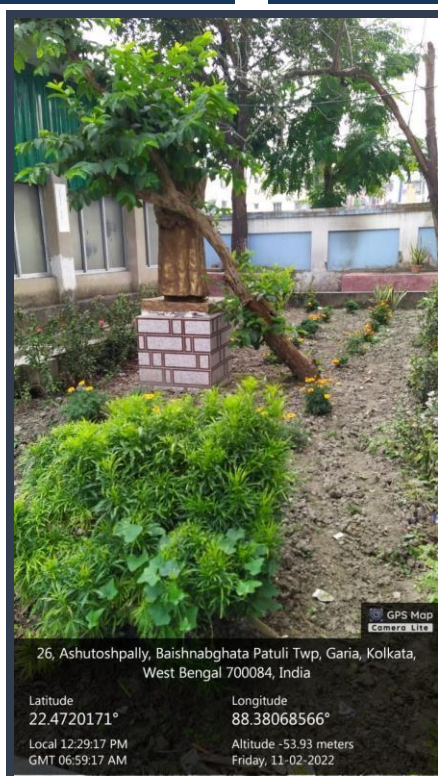

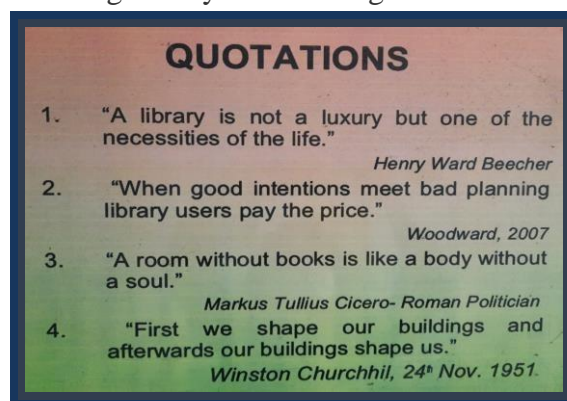

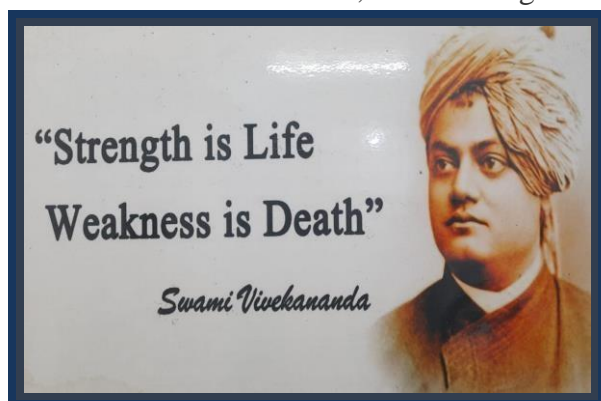

Mentoring helps in improving interpersonal relationships between students and teachers. Teachers get to know the students by name and also get access to personal information about each student. This helps the teacher to guide the students in a better and more effective way.

Learning Environment

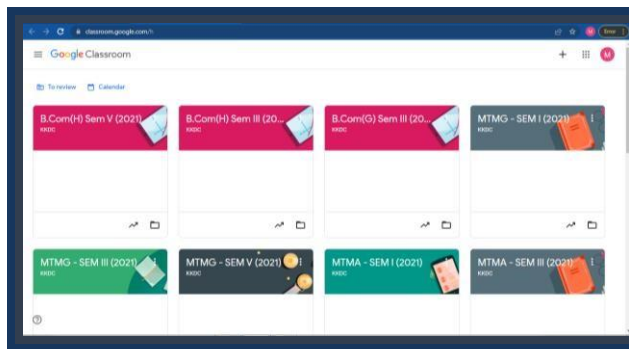

Learning environment play a crucial role in the success of the student. Students who study in a positive learning environment have been shown to be more motivated, engaged, and have a higher overall learning ability. Greenery can be beneficial for human stress reduction and emotional states. Therefore, students might benefit from greenery in the college.

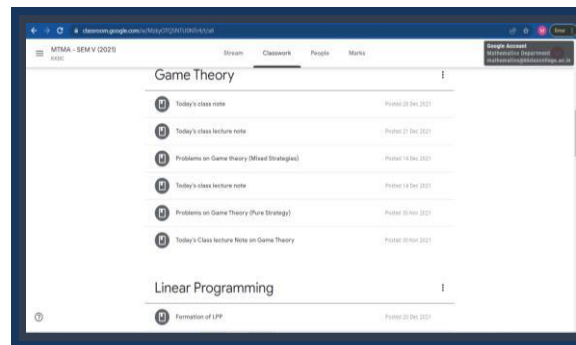

A part of our Campus

Teaching – Learning

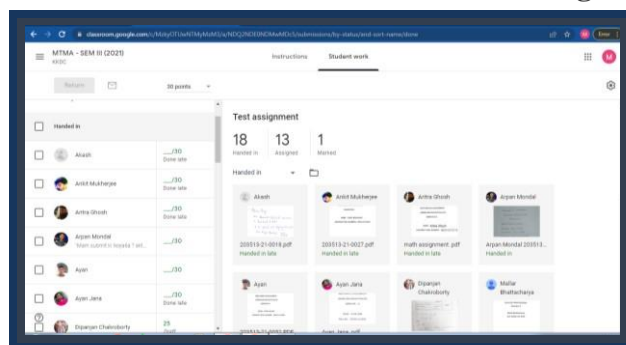

Google Classroom provided a central site for communicating with students, sending feedback and providing homework during the pandemic when physical classes were discontinued. As perceived by us, the main strengths of this teaching-learning platform are time-saving and the organizational features that are easy and simple to use. It starts with creating classes and adding students and extends to sending information, starting discussions, distributing and collecting assignments, etc.

Google Classrooms

Study materials distributed through Google Classroom

Assignments given and collected through Google Classrooms

Other Techniques of Learning

Special lectures and webinars in online mode were organized from which the learners have benefitted hugely. Experts brought in variety, provided added credibility to the content and varied opinion. Students developed long term skills and critical thinking.

Special Lectures on “Some areas of Advanced Mathematics in Undergraduate Level” organized by Department of Mathematics

Series of Special Lectures On “Some areas of Advanced Mathematics in Undergraduate Level”

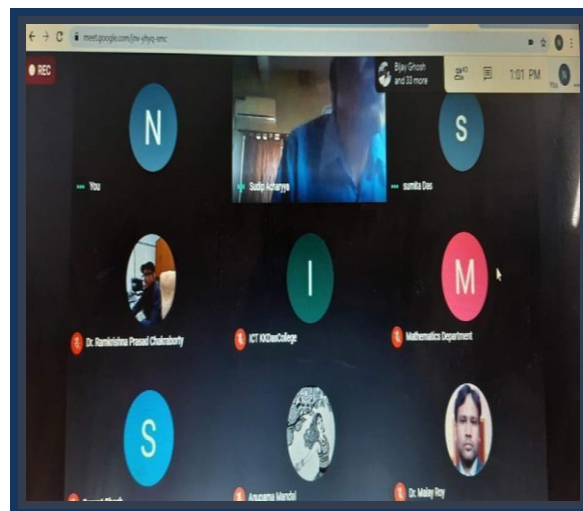

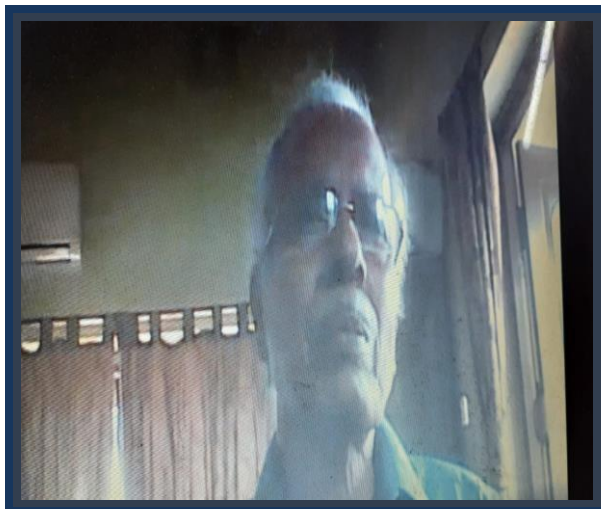

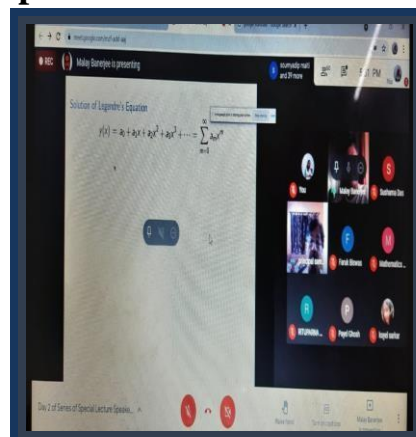

Jointly Organised by Department of Mathematics & IQAC Of
K. K. Das College, Garia, Kolkata – 84
&

Equal Opportunity to Girl Students

Kanyashree Prakalpa of the government of West Bengal seeks to improve the status and wellbeing of girls, specifically those from socio-economically disadvantaged families through Conditional Cash Transfers. The college has been abiding by this scheme and had organized and encouraged students to participate in various gender sensitization programmes.

Department of History organized Webinar on Gender, Epidemics and Health Care in Colonial Bengal on 7th August 2020

Women's Day on 8th March 2021

Cultural Activities

Various cultural programmes were organized in online platform to break the monotony of being confined at home during the pandemic. Cultural activities play an important role in the overall personality development of students and diverse cultural activities give exposure to them.

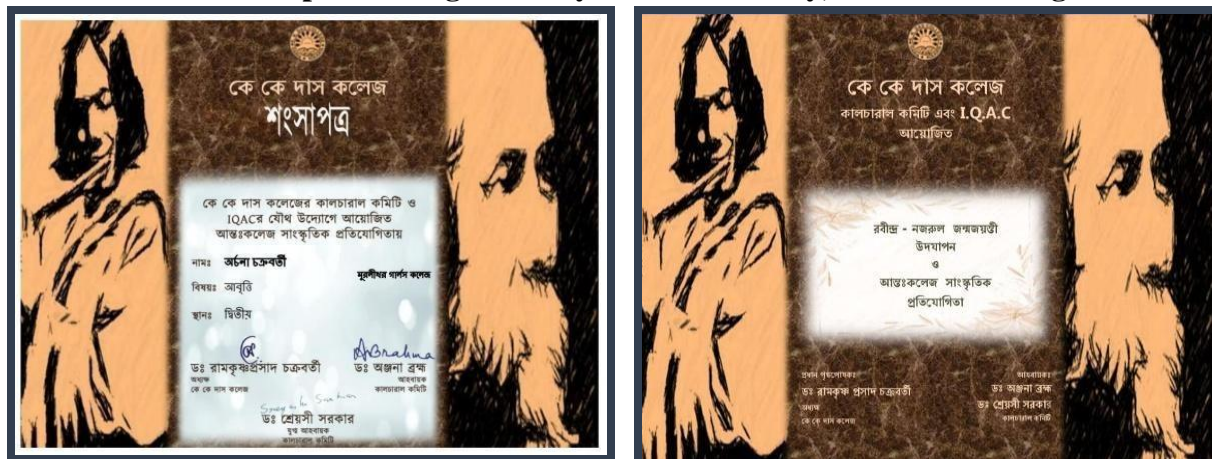

Rabindra Jayanti Celebration

Competitions

Participating in competitions help in showcasing the skills and talents of the students. The institution organized various competitions in online mode where the students participated wholeheartedly.

Cultural Competition organized by Cultural Society, K. K. Das College

Sub-Committees

Sub-Committees are necessary and important, Collective information and analysis by the committees lead to solutions to complex problems. Student participation in these committees helps them to gain experience in dealing with real life situations.
